

Sporting Clays “Best Ball” League ...Open sign-up until Jan 16

Teams

- 3 RB club members will constitute a team
- No more than one M/AA or known ability equivalent per team
- Assemble your own team and list all 3 names; provide at least one phone number
- Obviously, shooting together is the most fun and it is hoped teams will make the effort to do so, but it is not required
- Each shooter will make a one-time contribution of \$17 to the prize fund, and each round will cost \$13

Shooting

- **The league will run about 10 wks, from Jan 20 to end of March**
- Rounds will consist of 50 targets on the 5-station Hickory Ridge course
- Special score sheets and a league menu will be created
- Each player will shoot 4 rounds for score on any normal club shooting day during the first 4 weeks. League scores may be posted at any time...once a week, 4 in one day, or whatever is convenient
- A course/targets/menu change will occur for the 5th week and beyond

Scoring

- Scores will be recorded in ink on the official league scorecard
- If it's necessary for a league player to shoot alone, he/she must shoot with one other person who will record their score. The scorekeeper must be a shooter, but not necessarily a club member or league player.
- The player(s) will transfer the individual scores to the team scorecard in the clubhouse and submit the originals to the office. It's easy...you'll catch on fast
- Teams will compete (on paper) against other teams in the league or their division. The exact structure and the details of how we'll determine final standings and prizes will depend on the level of participation
